Yeasts / Mould	≤ 100 CFU/g
Shelf Life	24 months
Storage	in a clean and dry area, avoid light and humidity, at room temperature (20 – 25 C)

### Description

The Anti-wrinkle Peel Off Mask is a special formulation which has been developed and has been designed to fit the exact shape of your face, thereby encouraging the action of its different components.

The exceptional benefits of this Argireline® mask are derived from the combined action of its ingredients, especially formulated for mature skins.

### Cosmetics / Thalasso / Spas

This mask is a marine complex based on alingates which are extracted from Laminaria, and provide its natural smooth texture. The mask quickly turns into a gel form when mixed with water.

### Properties

Argireline® is an hexapeptide which is composed of natural aminoacids, reduces the depth of wrinkles and lines on the face caused by the contraction of muscles of facial expression.

### Application

- For a face treatment, mix 30 grams of powder and 90 grams of water at room temperature (20°C).
- Mix vigorously (+/- 1 minute) until you obtain a smooth and even paste.
- Apply the treatment immediately in a semi-thick layer to clean skin, taking care to avoid the eye contour. The mask will dry within 6 minutes.
- Leave on for 10 minutes; the mask can then be removed easily in one movement without leaving any trace.

## Cosmetic

- PERMARIN

- Facial  
Peel Off Mask
